Early Dictionaries.

The first dictionary recorded in literary history is the standard Chinese dictionary, compiled by Pa-Out-She, who lived about 1100 B. C. It contained 40,000 characters, each of which stood for a word, mostly hieroglyphic or rude representations resembling our signs of the Zodiac. This was four centuries before writing was employed by Western people. Anticlides, a contemporary of Alexander the Great, published a Greek dictionary of the words in ancient writings 336 B. C. Another Chinese dictionary was produced about 150 B. C., and Varro's Latin compilation dates back to 116 The earliest attempts at the compilation of an English dictionary were made by Bullokar in 1616, and by Cockerham in 1623, although a glossary of old English words was prepared in or about 975 .- San Fran-

RELIEF FROM PAIN.

Women Everywhere Express their Gratitude to Mrs. Piakham.

Mrs. T. A. WALDEN, Gibson, Ga., writes:

"DEAR MRS. PINKHAM:-Before taking your medicine, life was a burden to me. I never saw a well day. At my monthly period I suffered untold misery, and a great deal of the time I was troubled with a severe pain in my side. Before finishing the first bottle of your Vegetable Compound I could tell it was doing me good. I continued its use, also used the Liver Pills and Sanative Wash, and have been greatly helped. I would like to have you use my letter for the benefit of others."

Mrs. FLORENCE A. WOLFE, 515 Mulberry St., Lancaster, Ohio, writes: "DEAR Mrs. PINKHAM:—For two

years I was troubled with what the local physicians told me was inflammation of the womb. Every month I suffered terribly. I had taken enough medicine from the doctors to cure anyone, but obtained relief for a short time only. At last I concluded to write to you in regard to my case, and can say that by following your advice I am now pefectly well."

firs. W. R. BATES, flansfield, La., writes s "Before writing to you I suffered dreadfully from painful menstruation, leucorrhœa and sore feeling in the lower part of the bowels. Now my friends want to know what makes me look so well. I do not hesitate one minute in telling them what has brought about this great change. I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is the greatest remedy of the age."

ONE HUNDRED LEFT DEAD.

Desperate Fight at Cape San Juan Lighthouse. The New York Herald has the following from Cape San Juan, Porto

Rico, August 11. There was a two hours' fight before daybreak Tuesday. Eight hundred Spaniards attempted to retake the lighthouse which was guarded by forty of our sailors commanded by Lieutenant Atwater, Assistant Engineer Jenkins, Ensign Bronson and Gunner Campbell.

The Spaniards were driven back with shells from the Amphitrite, Cincinnati and Leyden. Refugees report that 100 Spaniards were killed.

The Spaniards opened with a machine gun at a distance of three hundred yards. The Leyden, Ensign Crosley commanding, rushed within a hundred yards of the shore and poured one-pounders into the Spaniards. Captain Barelay, of the Amphitrite, used six-pounders, and the Cincinnati five-inch guns.

The ships landed 250 men during the fight and reinforced the light house. A machine gun, rifles and ammunition were left by the retreating Spaniards.

MISSOURI DEMOCRATS MEET.

Full State Ticket Named and Chicago

Platform Adopted. The Missouri democratic state convention came to an end at Springfield shortly after 11 o'clock Thursday night, having nominated the following ticket:

For judge supreme court, long term, William Marshall, of St. Louis.

For judge supreme court, short term, LeRoy B. Valliant, of St. Louis. For state superintendent of public schools, William T. Carrington, of Greene county.

For railroad and warehouse commis-

sioner, William E. McCully, of Macon county.

The platform as reported by the committee was adopted without change. The resolutions indorse the platform adopted at Chicago in 1896 and demand for the free and unlimited coinage of silver and gold at the ratio of 16 to 1, without waiting for the consent of any other nation. Confidence in William Jennings Bryan as the leading exponent of these principles is expressed. The republican party was censured for the non-enforcement of anti-trust laws. Issuances of interestbearing bonds is condemned. American soldiers and sailors are thanked for their heroic work.

ROBBED SICK SOLDIERS.

Shelvey Was Doing a Land Office Busi

ness in Money Orders. Postoffice Inspector Rosson arrested Frank Finley, alias Frank Shelvey, a private soldier at McPherson, Ga., charged with robbing the mails intended for the sick soldiers, and taking money from the letters wherever it was to be found.

Shelvey, was held to the grand jury by United States Commissioner N. R.

Broyles and his bond fixed at \$500. The evidence went to show that Shelvey has been robbing sick men of ultimatum demanding the payment of their little remittances sent from home intended to supply them with com-forts and that he had even robbed letters sent from mothers to their sons of postage stamps sent for replies, so that many fond parents who have waited with heartrending impatience to hear from their sick boys have Shelvey to thank for their worry of prolonged silence.

TROOPS WILL FOOT IT.

Division Will March From Chickamauga 112 Miles to Knoxville.

A dispatch from Chickamauga says: Preparations to comply with the order issued from Washington for two divisions to leave Camp Thomas will be

commenced at once.
General Breckinridge, commander at Camp Thomas, is opposed to the plan of dividing the army, but it now seems that the decision of the war department is positive and unchangea-

The plan of General Breckinridge and his officers was to reduce the size of the army by sending the brigades to various places in the mountains around Chattanooga, and it is said that one place had already been selected before the Washington orders were issued.

The Second division ordered to Knoxville is expected to march the distance of 112 miles.

A Useful Novelty.

A very useful and, by far, the most novel thing of its kind is the Laundry List, gotten out by the Seaboard Air Line. The upper portion is an artist-ic gem, beautifully executed, having attached a number of blanks, one for each week, containing a list of all the articles of the wash, and padded in the form of a calendar. These may be procured, by enclosing five cents in stamps to cover postage, from any of the representatives of the Seaboard Air Line, or from T. J. Anderson, General Passenger Agent, Portsmouth,

MINERS WILL STRIKE

If the District Price Agreed Upon Is Not

A Pittsburg, Pa., dispatch says: If the resolution adopted at the recent general convention of the United Mine Workers is oboyed, all diggers in the Pittsburg district not receiving the district price will quit work. Inasmuch as it is not generally known how many mines are running contrary to the Chicago agreement provisions, it cannot be estimated how many diggers the strike order will affect.

INDORSED ST. LOUIS PLATFORM.

Wyoming Republicans Solidly For "Proction and Prosperity."

The Wyoming republican state convention, which met at Douglas Thursday, adopted resolutions reaffirming in general terms the national declarations made at St. Louis in 1896. The financial plank is as follows:

"The financial policy of the republican party having brought prosperity to the entire country and given us a place among the nations of the earth and enabling us to conduct successfully a foreign war, we unhesitatingly reaffirm the financial plank of the platform as expressed by the national convention at St. Louis."

Following the adoption of the plat-form, F. W. Mendel, for congress, and F. W. Richards, for governor, were nominated by acclamation.

CONDITIONS SATISFACTORY.

But Spain Cannot Cede Territory Without Consent of Cortes.

A Madrid cable dispatch of Monday says: . The government accepts the United State's conditions ad referendum, believing that it is not authorized to cede territory without the vote of the cortes. If McKinley objects the cortes will be convoked this month. A fresh note from President McKinley, replying to Spain's reply is expected during the course of the week.

The promptitude with which the cabinet accepted the terms on receipt of the American explanations, shows that it does not desire to waste time in dilatory procedure.

LIGHTNING KILLS OUTLAWS.

Father and Son Were Credited With Long List of Murders.

A special to the St. Louis Republic from Red Sulphur Springs, W. Va., says on Sunday, in Roane county, the bodies of Wade Counts, the leader of the notorious "Consolidated band" of outlaws, and his son were found under a tree where they had been struck by lightning. Every bone in the elder Counts' body was broken, but there was no abrasion of the skin excepting where the bolt entered his head. The two were credited with a long list of murders, but had never been brought to justice

CROWDS VIEWED BODY.

ADOLPH SUTRO'S MILLIONS.

Disposition of the Dead Man's Property Is In Doubt.

A dispatch from San Francisco says: The final disposition of the fortune left by the late Adolph Sutro is still in doubt.

When Dr. Emma Merritt was appointed guardian of her father last February the Sutro estate was apprised at \$2,849,572. Its real value, however, is believed to be much more. It is said that sons and daughters will share equally in its distribution.

AGRICURTURAL SOCIETY MEETS.

The Annual Convention at Indian Spring Largely Attended.

The Georgia State Agricultural Society opened its annual convention at Indian Spring Wednesday morning in the ballroom of the Wigwam.

The most noticeable feature of the session is that more of the old members were present than have been to a meeting of the society in several years. All the old timers by a common impulse attended this convention.

M'MILLIN'S SUCCESSOR.

Snodgrass Will Represent Fourth Tennessee District In Congress.

MONON CHANGES HANDS.

The Vanderbilts Acquire a Controlling

Interest In the Road. A controlling interest in the Chicago, Indianapolis and Louisville railroad, better known as the Monon, has been acquired by the "Big Four," says the New York Herald, and negotiations are under way for the acquisition of the Cincinnati, Hamilton and Dayton. The latter deal, however, has not been Long Terms of French Premiers.

Of the French Ministries called into existence during the Third Republic, the Meline Cabinet, which after a critical delay has been succeeded by M. Henri Brison and his friends, broke the record by one day. The Meline Ministry dated from April 29, 1896, and lasted until June 15, 1898, covering a period of two years, one month, and seventeen days. Up to this time the record had been held by M. Ferry's second Ministry, which existed from February 21, 1883, to April 6, 1885, an existence of two years, one month, and sixteen days. The Ministry with the shortest record is that of Rochebouet, which entered into office on November 23, 1877, and left it December 13 of the same year. A peculiar comparison is offered if one places side by side the long term Premiers of the Third Republic with those former Ministries of France in the time of royalty. Richelieu was premier for eighteen years. Mazarin held office for nineteen years, and Colbert for twenty-two. While over in Spain, Ximenes maintained the Chancelerie at absolute power for twenty-one years. Among the Ministers who have served the greatest number of times in the French Cabinet of the Third Republic, M. Hanotaux is the only one who has always held the same portfolio-that of Minister of Foreign Affulrs. He has presided over the destinies of the Quai d'Orsay under four Ministries, his time of office lasting three years, six months and fifteen days. After M. de Freycinet, he has served the longest period. M. de Freycinet has been in the Ministry nine times and has exercised the functions of his office during eight years six months and twenty-seven days. Jules Ferry was Cabinet Minister for three years and five months, M. Constans for three years, four months and six days, and M. Bourgois for three years and two months.-New York Times.
